

[Name: Ravi Shankar Adhikari] [Address: Janakpur] [City: Janakpur, State: Madhesh Pradesh, ZIP: 44600] [Phone Number: 9815847435] [Email Address: ravidigital24hrs@gmail.com]

Objective: Highly skilled and motivated Frontend Developer with expertise in React.js seeking a challenging role to contribute to the development and enhancement of innovative web applications. Committed to delivering high-quality code and exceptional user experiences. Bachelor's degree in Computer Systems Engineering with a passion for cutting-edge technologies.

Education: Bachelor of Science in Computer Systems Engineering – College [ISMT College, Kathmandu, Nepal] and [University Name: University of Sunderland, UK] Graduation Year: [2023]

Technical Skills:

- Programming Languages: JavaScript, HTML5, CSS3
- Frameworks and Libraries: React.js
- Web Technologies: RESTful APIs
- Version Control: Git, GitHub
- Development Tools: Visual Studio Code, Sublime text3
- Testing and Debugging: Jest, React Testing Library, Chrome DevTools
- UI/UX Design: Responsive Web Design, CSS Preprocessors (Sass, Less)
- Familiarity with Backend Technologies: Node.js, Express.js

Projects:

1. E-commerce Website

- Developed a responsive e-commerce website using React.js, integrating with an API to retrieve and display product information.

- Implemented a shopping cart functionality with the ability to add, remove, and update items dynamically.
- Utilized Redux for state management and implemented user authentication and authorization features.
- Collaborated with backend developers to integrate the frontend with the server-side functionality.

2. Task Management Application

- Created a task management application using React.js, allowing users to create, update, and delete tasks.
- Implemented drag-and-drop functionality using React DnD library for intuitive task management.
- Utilized local storage and RESTful API calls to persist data and synchronize tasks across devices.
- Designed and implemented a responsive user interface with CSS and utilized CSS preprocessors for enhanced styling.

Experience: Intern, [Company Name: Siplaya Infotech] [City: Kathmandu, State: Bagmati Pradesh] [Dates: July, 2023]

- Assisted the frontend development team in designing and implementing user interfaces using React.js.
- Collaborated with backend developers to integrate frontend components with server-side APIs.
- Conducted code reviews and assisted in identifying and fixing bugs and issues.
- Contributed to improving application performance by optimizing code and implementing best practices.

- Worked on responsive design and cross-browser compatibility to ensure a seamless user experience.

Projects at University:

- Developed a real-time chat application using React.js and Socket.IO for instant messaging between users.
- Created a weather application using React.js and OpenWeatherMap API to display current weather conditions.
- Implemented a restaurant reservation system using React.js and Firebase for managing reservations and seating availability.

Certifications:

- React - The Complete Guide (Siplaya Infotech)
- Modern JavaScript - The Complete Course (Udemy)
- HTML and CSS for Beginners (Coursera)
